

Farm and Factory

There is no better way of helping the farmer than by building factories. The farmers of Texas are compelled in many instances to ship products across the ocean in order to reach the factory. We are world factors in agriculture. Our cotton and wool clothes the human race; our meats supply the larder of nations and our cereals fill the granaries of the world; but we are in the main dependent upon other states and countries to manufacture our raw materials.

The farmers of Texas ship an average of \$1,200,000 worth of raw material to the foreign factory per day. Load these products on wagons and they will form a procession 220 miles long and our annual production on its way to the foreign factory will form a gigantic parade that will reach around the world three times and it will require eleven years to pass a given point. It is a golden stream of prosperity flowing out of the state and on its bosom floats factories, cities and millions of happy homes. It is laden with opportunities destined for the people of the whole world and it furnishes life giving substances to the withering veins of European nations.

The parade costs \$200,000 per day and \$75,000,000 per annum and is paid for by the sweat of those who till the soil. Our public servants who desire to do something more than swim around undressed in the waters of public life should watch the parade. Our raw material on its journey to the foreign factory forms one of the most colossal pageants in the history of the human race and is the commercial tragedy of the Twentieth century. Watch it!

Credit Farming

The credit system used by many farmers in the state is more damaging to agricultural interests than the boll weevil. No farmer can thrive and pay the debts of his neighbors which is the inevitable result of the credit system. Debt is a hard taskmaster and it saps the vitality of every man and every line of industry that is within its clutches. The merchant and banker should help the farmer get on a cash basis. When the farmer has a good bank account we are all prosperous.

Road Building

"Road building is a science," said G. L. Cooley, representing the good roads department of the Federal government at the Good Roads Convention at the Dallas Fair last fall. "There is no more reason why a man should work out his road tax than that he should teach out his school tax. We lose millions of dollars annually by lack of intelligent application of road funds."

TWO MAKE ONE HUNDRED IN THEIR EXAMINATIONS

In the quarterly examination of the railway mail clerks of the El Paso sections held May 5, F. T. Kennedy of the Amarillo-Pecos route and J. L. Pearson of the Tucson-El Paso route made 100 percent in their examinations.

None of the other five men who took the examination fell below 99 percent. The five were B. H. Gill of the Amarillo-Pecos route who made a mark of 99.88 percent, L. A. Jones of the San Francisco-Terrence route with a percentage of 99.85, C. A. Curles of the Amarillo-Pecos route with 99.57 percent, Floyd Whitney, of the El Paso-Sanderson route with a percentage of 99.55, and E. T. Dougherty of the Amarillo-Pecos route with a percentage of 99.55.

May Sale of Dresses Nineteen-Fifty

The Smartest of the Season's Models in Foulards and Other Silks, Linen, Marquise and Lingerie Styles, Including Garments Worth to \$32.50

A BIG "dress event"—an event which brings to you the opportunity of "near-halving" the cost of the garments you'll need for immediate and midsummer wear. All the garments offered are priced \$19.50, although there's an assortment of styles which is amazingly varied, which include styles for every occasion. They are styles which will win the approval of women who appreciate good things to wear. \$32.50 was the former price of many of these dresses—\$30.00 and \$27.50 styles are in the majority. All are new—the best and most attractively designed garments of the many delightful styles of the season.

\$19.50

Washable Dresses

Linen and lingerie dresses—just the kinds you'll need for summer wear, are offered in Monday's sale at a most attractive price. They are part of a special underprice purchase, all new models, and in them you'll find the grandest values. They are made of linen in natural color and white, fine white lawn and batiste beautifully trimmed with embroideries and lace, daintily figured dimities and the very fashionable marquisettes. Bought regularly we would have to sell them for at least \$8.50.

\$4.95

Children's Hats

Special values are shown in our two popular priced lines of hats for little folks. New shapes in straw, ribbon trimmed, linen, pongee and fancy lingerie styles.

"There's a Reason"

POSED AS ARMY COLONEL; WASN'T

Checks Which He Gave, Come Back Marked "No Funds."

The St. Regis hotel in El Paso and the St. Anthony in San Antonio, are looking for a man who registered as "Col. James A. Black, paymaster, U. S. A., Kansas City, Mo." and issued checks which have been returned marked "no funds."

The El Paso check was for \$75 and the San Antonio check was for \$125. Both were issued on the Kansas City

Bank and Trust company, of Kansas City.

The army register does not show any officer in the service by the name of James A. Black. There are several Blacks in the service, but none of them have the Christian name given by the man who passed the checks, and there is no Black who is a paymaster, according to the register of 1910.

The man who passed the check was about 40 years of age, clean shaven, and a constant smoker of cigars. He is said, his fingers being stained with nicotine. Even while he was here, he was under investigation.

APPOINTED MAIL CLERK.

Robert O. Robinson, of Melrose, N. M., was appointed Friday railway mail clerk on the Amarillo-Pecos route.

TO IMPORT CATTLE AT COLUMBUS, N. M., PORT.

The Palomas Land and Cattle company of Mexico will import about 1500 head of Mexican cattle during the early part of next week. The cattle will be imported at the Columbus, N. M., port.
